

BRADFORD FAMILY HISTORY SOCIETY

INFORMATION ON COOKIES

Cookies and how they benefit you

Our website uses cookies, as almost all websites do, to help provide you with the best experience we can. Cookies are small text files that are placed on your computer or mobile phone when you browse websites

Our cookies help us:

- Make our website work as you'd expect
- Save you having to login every time you visit the site
- Remember your settings during and between visits
- Improve the speed/security of the site
- Personalise our site to you to help you get what you need faster

We do not use cookies to:

- Collect any personally identifiable information (without your express permission)
- Collect any sensitive information (without your express permission)
- Pass data to advertising networks
- Pass personally identifiable data to third parties
- Pay sales commissions

Granting us permission to use cookies

If the settings on your software that you are using to view this website (your browser) are adjusted to accept cookies we take this, and your continued use of our website, to mean that you are fine with this. Should you wish to remove or not use cookies from our site you can learn how to do this below, however doing so will likely mean that our site will not work as you would expect.

Our own cookies

We use cookies to make our website work including:

- Determining if you are logged in or not
- Remembering your search settings
- Tailoring content to your needs
- Remembering your preferences such as colours, text size and layout
- Remembering if we have already asked you certain questions (e.g. you declined to use our app or take our survey)

There is no way to prevent these cookies being set other than to not use our site.

Turning Cookies Off

You can usually switch cookies off by adjusting your browser settings to stop it from accepting cookies. Doing so however will likely limit the functionality of ours and a large proportion of the world's websites as cookies are a standard part of most modern websites

It may be that your concern around cookies relate to so called "spyware". Rather than switching off cookies in your browser you may find that anti-spyware software achieves the same objective by automatically deleting cookies considered to be invasive. Learn more about managing cookies with antispyware software.

The cookie information text on this site was derived from content provided by Attacat Internet Marketing <http://www.attacat.co.uk/>, a marketing agency based in Edinburgh. If you need similar information for your own website you can use their free cookie audit tool.
